

**From:** Arakelian, Kenneth (USPC.PCT.Hopewell)  
**To:** 'microsoft.atr(a)usdoj.gov'  
**Date:** 12/6/01 12:44pm  
**Subject:** the proposed MS settlement does not adress the problem.

To Whom It May Concern,

Microsoft has hurt the software industry with their monopoly and must be made to pay reparations. It is obvious to anyone in the IT industry that the availability of alternatives has been a good thing for everyone. Microsoft now has an incentive to improve their software. Please allow the competition to flourish by imposing stiffer penalties on Microsoft and ensuring that they cannot do harm in the future.

thanks,

Ken Arakelian
